BUI HOANG PHI

FRONT-END DEVELOPER

PROFILE

Front-end Developer with ~1 year of experience shipping React/Next.js web apps, a React Native app on Google Play, and WooCommerce stores for German clients. Comfortable with PHP for WordPress/Elementor customization and REST/WebSocket integration. Looking for a Front-end role.

EXPERIENCE

Front-end Developer

Webie Vietnam | HCMC | Dec 2025 - Oct 2026

- Built the EMS web app and admin panel with React, Vite, and Redux Toolkit, implementing lazy loading, code splitting, and Puppeteer prerendering for SEO.
- EMS Mobile App (React Native/Expo, EAS Build): solo-built UI - QR e-tickets, QR scanning, Google sign-in; released via Google Play closed testing with 20 testers.
- Built B2C/B2B flows for German WooCommerce stores (IT42life, Reuschenbach) and WordPress/Elementor sites (webieglobal.com), implementing custom PHP with WPCode and ACF/SCF fields.
- Integrated REST APIs and WebSocket with the backend team and conducted regular Lighthouse and Core Web Vitals audits across WordPress sites.

PERSONAL PROJECTS

VietQR Checkout - WooCommerce Plugin

Oct 2026 - Present | PHP, WooCommerce, SePay Webhook

GitHub: github.com/PhjnX/vietqr-checkout

- Built a WooCommerce payment gateway that displays VietQR codes with pre-filled amounts and order codes, and automatically marks orders as paid via SePay webhooks.
- Handles duplicate webhooks, partial and overpayments, and automatic cancellation of unpaid orders while supporting the Checkout block and HPOS.
- Validated with PHPUnit tests and PHPStan checks; deployed a live demo on WordPress Playground.

Phjn Coffee - Café Ordering Web App

Oct 2026 - Present | Next.js, TypeScript, Tailwind, Supabase

Live: phjn-coffee.vercel.app

GitHub: github.com/PhjnX/phjn-coffee

- Built a café online-ordering system that enables customers to scan table QR codes, customize drinks and options, and check out.
- Built an admin dashboard featuring a live order board, a menu editor with photo uploads, and printable table QR codes.
- Server-side price calculation and rate limiting so tampered carts cannot change prices.

EDUCATION

Van Lang University

Bachelor of IT - Software Engineering

2021 - 2025 | GPA 3.16/4.0

Cybersoft Academy

Front-end Development

Sep 2024 - May 2025
