Experience

Front-end Developer **12/2025 - 10/2026**
Webie Vietnam

- Built the UI for the EMS web app and mobile app with React, React Native and TypeScript; component-based structure, state management with Redux Toolkit.
- Worked with the backend team to define API contracts; integrated REST APIs and WebSocket.
- Developed responsive layouts with HTML5/CSS3 and TailwindCSS; optimized Vite builds (route lazy-loading, code splitting).
- Prerendered public pages with Puppeteer to improve SEO and initial load time.
- Ran regular audits of company and client websites (performance, 404 errors, broken links) and coordinated fixes.
- Maintained WooCommerce stores for German clients (IT42life, Reuschenbach) and WordPress/Elementor sites; wrote custom PHP logic with WPCode.

Front-end Intern **09/2024 - 12/2024**
TechX Technology Company

Built profile pages with HTML & CSS; studied Japanese IT certifications.
